

Fall 2025

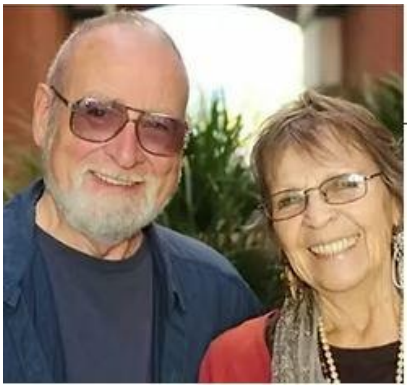
Shalom, dear friends - both old and new - from Israel Food Outreach!

Greetings from sunny California, where the leaves are beginning to show their beautiful fall colors. As we prepare to continue blessing Israel and the nations, we also see the world revealing its true colors - just as it was written.

Now, more than ever, is the time to overcome our enemies with love.

We will be praying for that as we Reflect, Remember, and Rejoice…

Dudley and Raven, our beloved founders - now in their 90s - have graciously passed the *Torch of Israel Food Outreach (IFO)* to a trusted and proven team who share their passion for serving the Father's people. As of September 2025, this mantle has been joyfully taken up by Craig and Lori Lee Price, and Brannon Ramos.



Dudley + Raven Goff

Craig + Lori Lee Price

Craig and Lori, along with Brannon, first arrived in Israel in 2022, where this beautiful vision was renewed! Craig has served in the Land on and off since the 1980s, including pastoring an English-speaking Messianic fellowship in downtown Tiberias during the late 1990s. We're now preparing to return in the Spring of 2026 - more details to come! The need remains great, and the people are still hungry, both physically and spiritually.

A Sukkah built by Craig earlier this year.

Dudley and Raven continue to be our strongest prayer partners and supporters, discerning that the vision given 15 years ago—to feed and clothe the hungry, and to bless Holocaust survivors with handmade quilts, prayer, and words of comfort—**must continue.** Time is precious, as these dear ones live on God's timetable, and many still struggle below the poverty line.

We invite you to partner with us by donating toward the Jerusalem Outreach in Spring 2026, or even sooner if the Lord leads. We will be personally visiting and ministering to the people—*seeing and hearing their true needs*—as we continue to bless Israel, trusting that He will continue to bless IFO faithfully in return.

You are part of this mission. If you have needs, or if you feel called to join us on this journey, please reach out, especially as we eagerly await our Messiah's soon return!

Though the world grows darker, our Lord remains unchanging. The darker it gets, the brighter His light shines through us—His children—going forth into all nations, proclaiming with greater strength and joy the Good News of the coming Kingdom, and doing the will of our Father.

You can give directly through our website (**www.israelfoodoutreach.com**) to support this hands-on ministry of Messiah's love while we await His glorious return.

"Pray for the peace of Jerusalem: they shall prosper that love thee." – Psalm 122:6

With much love and gratitude in His service,
Craig & Lori Price, and Brannon Ramos
